 - Conducted by: CDC Members
 - Compiled by: Jai Naga Sai Mahesh Pelluri (Intern)

Dashboard KPIs

- The dashboard categorizes students based on total scores into:
 - Top Performers
 - Average Performers
 - Low Performers
 - These are filtered by branches to observe departmental performance at a glance.

Purpose

- The primary objective of this dashboard is to:
 - Provide CDC with a quick analysis of student performance.
 - Identify students needing support or further evaluation.
 - Recognize high achievers across departments.

Conclusion

- This single-page Power BI dashboard simplifies how Grand Test results are visualized.
 - It serves as a quick reference for faculty and CDC members to understand trends, take decisions, and enhance training strategies based on total performance scores.
